

Fluorocarbons and the Ozone Layer

As part of the 7th Grade Writing Assessment and your Science class, you will be completing a research project whose final product is a letter to your NC Senator.

You will be graded based on several factors using a rubric that you will receive soon. The following checklist identifies the steps and pieces that comprise this assignment.

- NOAA Ozone Packet:** Primary source of background information
- Rubric:** Explains expectations
- Bibliography:** Must include all sources
- Source Notes:** Taken from online and print resources
- K-W + Graphic Organizers:** Tools used to organize information before writing
- Tri-fold:** Pre-writing organizer
- Rough Draft:** Must be hand-written and peer edited by two people
- Final Copy of Letter:** Must be typed

All research will be conducted in class. Some writing may need to be completed at home, but final copy typing will take place in class. **Final Copy (stapled to all items on checklist) is due by 3 PM on Friday, October 23.**
